Digital Training Tools in Steel Structure Integrity

## DIGITAL TRAINING TOOLS IN STEEL STRUCTURE INTEGRITY

NEWSLETTER #2: - SEPTEMBER 2023

PROJECT NUMBER: 2021-1-RO01-KA220-HED-000032181

## HIGHLIGHT ON PERFORMED DISSEMINATION AND THEIR IMPACT

The ALLIES Dissemination and Valorisation Interim Report offers an overview of the dissemination activities carried out by the ALLIES project partners during its initial year of implementation, spanning from **February 2022 to January 2023 (M1-M12)**. This report highlights the collaborative efforts of ALLIES partners to promote the project's goals and scope.

These efforts aimed to engage a diverse range of target groups, including educational staff from the **EFW Qualification System**, educators in Science, Technology, Engineering, and Mathematics (STEM), university teachers, professionals (mechanical, civil, and industrial engineers), internal staff of partner organizations, and the general public.

In essence, the ALLIES project partners have diligently executed their dissemination activities, effectively promoting the project's objectives and creating awareness among a broad spectrum of stakeholders. Through **strategic online engagement** and content distribution, the project has achieved considerable visibility within its **target groups**, contributing to its overall success and impact.

University din Craiova	Romania	Coordinator
